Date	Time	By	Code	Description	Qty (Variance)	Photo
11-28-16	1:39p	MRB	OK	Ready to be Checked Out ready to discharge anytime. no sutures , skin is glued.		
11-30-16	1:57p	MRB	FNOTE\$	By: LG, canine neuter How is Buster doing after neuter? foster #408 406 9111 AN: 11-29-16 at 3:07p: SWO - incision opened up, wound is barely holding together. O said she will call spouse to email us a picture. AN: 11-29-16 at 3:28p: SWO - MRB reviewed picture, incision site looks fine, no need to come in, keep the buster collar on. O said P scoots it's scrotum across the floor, so I advised O to put a onesie on the P to protect the incision area.		
12-16-16	12:36p	DO	CC	Client Call- AN: 12-16-16 at 12:36p: Records request for Kim of Animal Protection to show P's microchip i.d. P has not been micro chipped, emailed O back to confirm if they still want the records.
